SYRIA FIDATECH

DISCOVER SYRIA'S POTENTIAL

SYRIA FIDATECH - 4th Syria International Food Industries Exhibition will open its doors on **18 - 21 April, 2026** with thousands of industry professionals.

SYRIA FIDATECH has established itself as Syria's leading and largest international food, food technologies and packaging exhibition, showcasing the latest industry innovations and trends. Beyond its reputation in the region, **SYRIA FIDATECH** attracts buyers, distributors and investors from neighboring countries. As the region's most prestigious food and packaging technology sector exhibition, it brings together private companies and high-level buyers, as well as the involvement of government agencies and organizations, providing a unique platform for robust networking and business opportunities for international exhibiting companies.

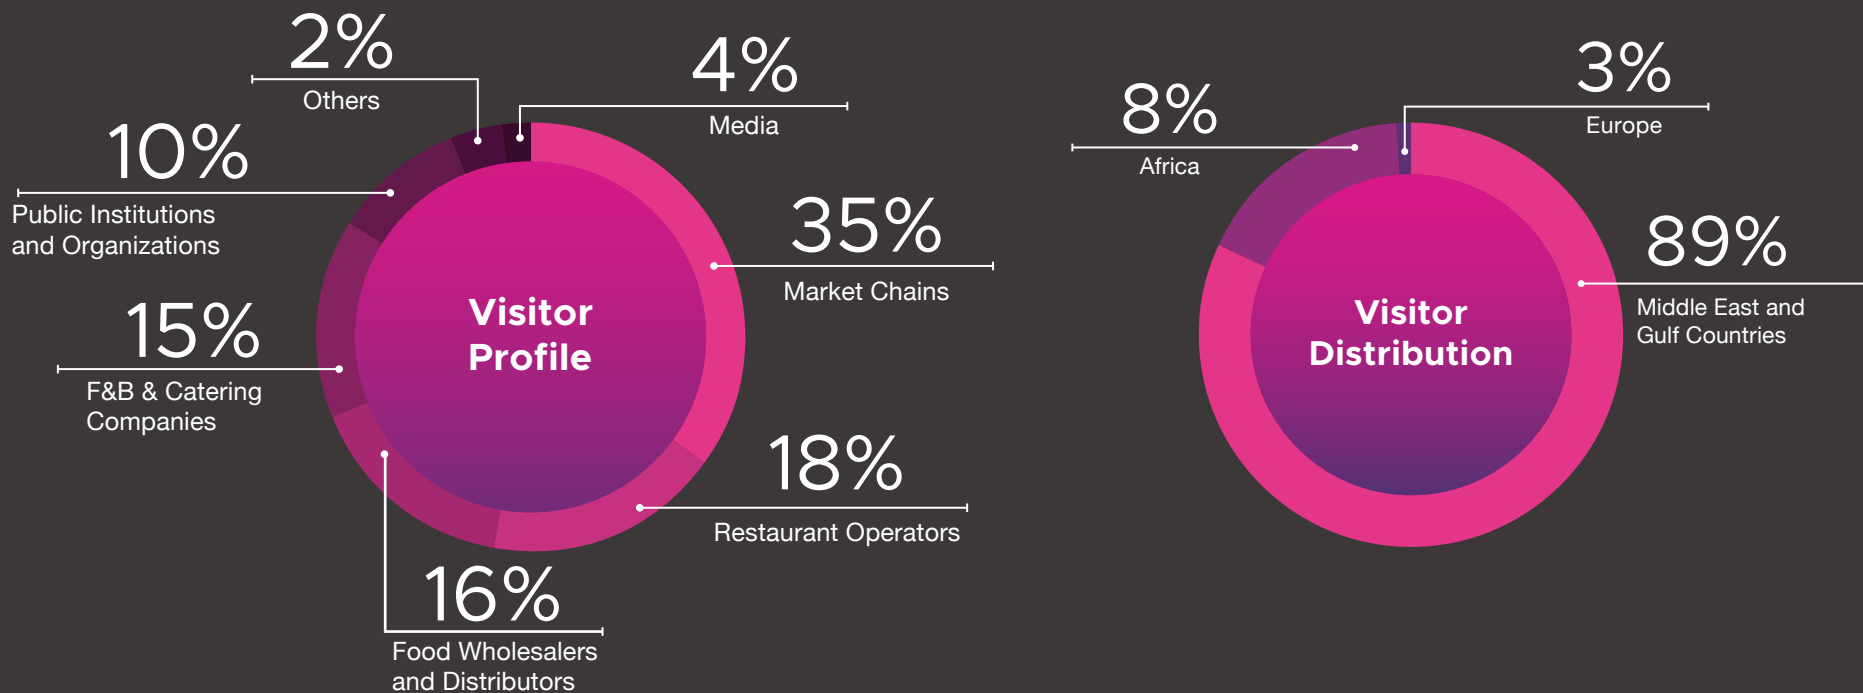

SYRIAN FOOD AND TECHNOLOGY PROFESSIONALS UNDER ONE ROOF

- Syria Fidatech is the **largest and most prestigious food, food technologies and packaging fair**.
- It is the perfect platform to **enter the Syrian market** and meet high-level buyers.
- The fair will increase regional cooperation and accelerate trade relations.
- You can develop your distributor network directly through Syria's **most prestigious food, food technologies and packaging fair**.
- Your company will have the opportunity to **enter the market directly at the fair**, which is the most appropriate meeting point in the region.
- Within the scope of the country's redevelopment goals, **International food, food technologies and packaging companies** have a **major role to play in the country's largest food and packaging fair**.

BE THE FIRST TO STEP INTO THE MARKET WITH SYRIA FIDATECH FAIR

Meet the Key Decision Makers of the Syrian Food, Food Technologies and Packaging Market
